

UFS 10th Street Plant List

LATIN NAME	COMMON NAME
------------	-------------

<i>Eupatorium hyssopifolium</i>	Hyssop-leaved Thoroughwort
<i>Callirhoe involucrata</i>	Wine Cups
<i>Panicum virgatum</i> 'North Wind'	North Wind Switchgrass
<i>Penstemon digitalis</i> 'Husker Red'	Husker Red Beardtongue
<i>Rudbeckia fulgida</i> 'Fulgida'	Fulgida Brown Eyed Susan
<i>Senecio aureus</i>	Golden Ragwort

NOTE:

These plants are native to our region and were chosen for their drought, heat, and urban soil tolerance. Cultivars were selected to maximize color, texture, and height variance throughout the year. Weed suppression is achieved by the aggressive ground cover (Senecio aureus).

***Panicum virgatum* 'North Wind'**

tall, bluish, upright grass
ornamental seed heads in late summer
tawny color and texture through winter
creates rustling sound in wind

***Penstemon digitalis* 'Husker Red'**

purple foliage accent
