

Native Swale Plant List

LATIN NAME	COMMON NAME
------------	-------------

<i>Cornus sericea</i> 'Cardinal'	Cardinal Red Twig Dogwood
<i>Iris versicolor</i>	Blue Flag Iris
<i>Itea virginiana</i>	Virginia Sweetspire
<i>Physostegia virginiana</i> 'Vivid'	Vivid Obedient Plant
<i>Pycnanthemum muticum</i>	Clustered Mountain Mint
<i>Sanguisorba canadensis</i>	American Burnet
<i>Quercus bicolor</i>	White Swamp Oak
<i>Senecio aureus</i>	Golden Ragwort

NOTE:

These plants are native to our region and were chosen for their adaptation to wet soils. Some cultivars were selected to maximize color, texture, and height variance throughout the year. Weed suppression is achieved primarily by the aggressive ground cover (Senecio aureus).

***Cornus sericea* 'Cardinal'**
